## Self Improvement Topic: Leadership

### “There are two kinds of people”

There are two kinds of people on earth today,  
Two kinds of people no more I say.  
Not the good or the bad, for it's well understood,  
The good are half bad, the bad are half good.  
Not the happy or sad, for in the swift-flying years,  
Bring each man his laughter, each man his tears.  
Not the rich or the poor, for to count a man's wealth,  
You must know the state of his conscience and health.  
Not the humble and proud, for in life's busy span,  
Who puts on vain airs is not counted a man.  
No! the two kinds of people on earth I mean,  
Are the people who lift, the people who lean.  
Wherever you go you'll find the world's masses

Are ever divided into these two classes.  
And, strangely enough, you will find, too, I mean,  
There is only one lifter to twenty who lean.  
In which class are you? Are you easing the load  
Of the overtaxed lifters who toiled down the road?  
Or are you a leaner who lets others bear,  
Your portion of worry and labor and care?

*-Ella Wheeler Wilcox*

We all are leaders. Those who work at Cascade Family Dental are not regular employees. We trust and rely on each other. We each have to be the type of person that can be counted on to be a leader and to do their part to work for and support the team.

**Application:** Think about your role in the team and discuss how this principle applies to your daily task and duties

If you haven't noticed, Suzanna is amazing at braiding hair. For one of her projects at school she is teaching a class on how to French Braid and its exclusively for foster girls. Her favorite place to visit is St. George Utah, she loves to hike, swim and catch frogs. Suzanna's dream job would be a photographer for National Geographic, (anyone else in love with this idea after watching the hit movie "The Secret Life of Walter Mitty?") When I asked Suzanna what job she would be terrible at she said a manager over anything. Suzanna is an excellent follower and loves her drama free job. Her spirit animal is a bear because they are loyal, gentle and conservative and a lover of naps and hibernation..

Suzanna is so fantastic to work with and we are so glad she is part of our awesome team!
