Q2 Cleaning Visits

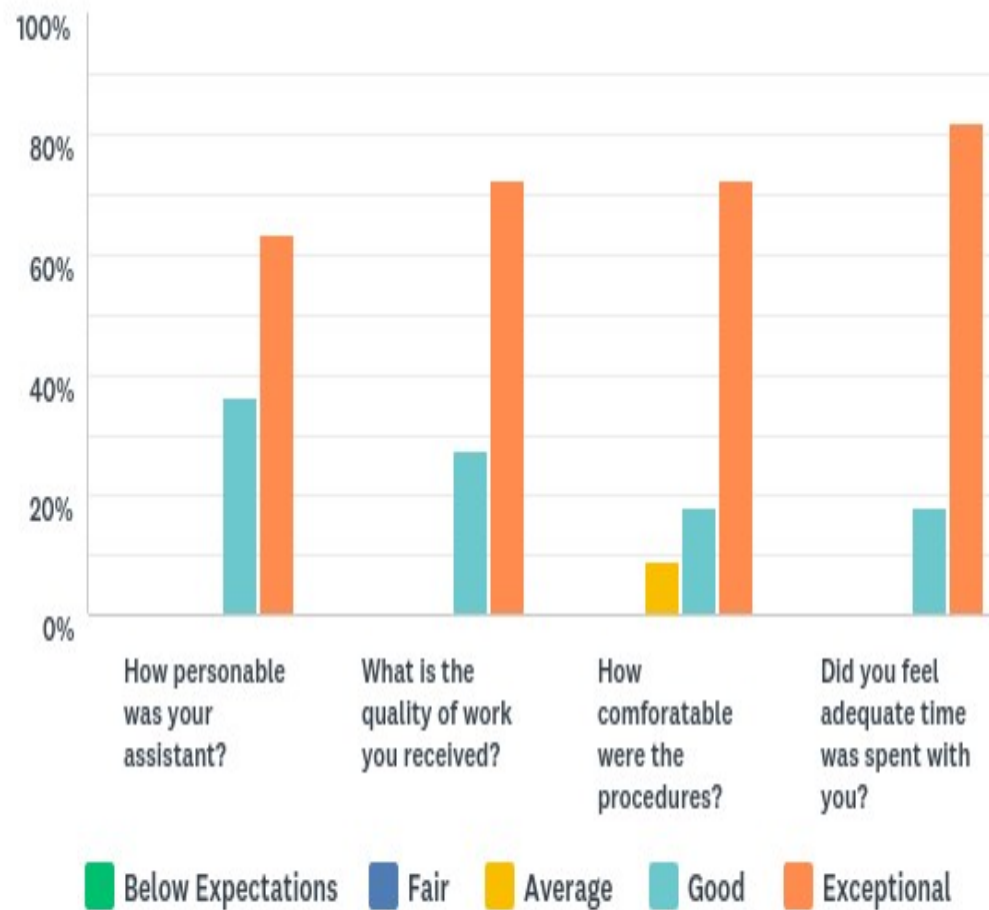

Cleaning Visits

Comments on Cleaning Visits:

- The young lady who worked on my was awesome.
- my hygienist is amazing- she is careful, competent, and skilled. I also enjoy just chatting with her.
- I have a medical need and an emotional need for the Nitrous Oxide. I am so done with being made to feel guilty about it or for any staff member to act like I am a Nitrous Oxide Addict. :(That is completely unnecessary and is between the Doctor and I. The Dental Assistant is there to get my teeth clean, polished up, check for any signs of disease, loose teeth, cavities etc. They are also there to educate regarding my teeth and any dental plan.
- I was very happy about it. Super careful and kind
- My last cleaning was the first time I enjoyed a dental visit.
- No comments
- Really enjoyed my visit even though I don't like the dentist much

Any specific comments about team members or doctors that exceeded your expectations?

- ☐ We love Dr Flinders!!!
- ☐ No comments they are really professional

How can we make your experience better?

- Almost every appt I have had has started at least 20 minutes late. That is my only complaint. Otherwise I love going there:)
- I would like to be given the nitrous oxide that I need for physical and emotional issues and not made to feel guilty or sleazy because of it. I would like deep cleanings at least once/year. I have asked for several very small cosmetic changes for years, but the requests seem to fall on deaf ears. If the tasks are unable to be done, then I'd like the Doc to let me know why. If an issue is caused by one of the dentists, I expect that to be fixed by the dentist and not be charged for it. Dr. Baird has been excellent with listening to me. My husband doesn't feel like he is taken seriously or given the treatment that he has been accustom to.
- I don't think you can. All of our visits have been as good as they could be!!!
- You guys r really good tanks a lot
